DISCLAIMER

CSAV, Inc., and its affiliated corporations and subsidiaries (collectively, "CSAV"), intend to make this manual accurate and complete. However, CSAV makes no claim that the information contained herein covers all details, conditions or variations, nor does it provide for every possible contingency in connection with the installation or use of this product. The information contained in this document is subject to change without notice or obligation of any kind. CSAV makes no representation of warranty, expressed or implied, regarding the information contained herein. CSAV assumes no responsibility for accuracy, completeness or sufficiency of the information contained in this document.

WARNING: IMPROPER INSTALLATION CAN LEAD TO ACCESSORY FALLING CAUSING SERIOUS PERSONAL INJURY OR DAMAGE TO EQUIPMENT! Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury, damage to equipment, or voiding of factory warranty! It is the installer's responsibility to make sure all components are properly assembled and installed using the instructions provided.

IMPORTANT WARNINGS AND CAUTIONS!

WARNING: A WARNING alerts you to the possibility of serious injury or death if you do not follow the instructions.

CAUTION: A CAUTION alerts you to the possibility of damage or destruction of equipment if you do not follow the corresponding instructions.

INTRODUCTION

INSPECT MOUNT BEFORE ASSEMBLY

Carefully inspect parts for shipping damage. If damage is apparent, call your carrier claims agent and do not continue with installation until the carrier has reviewed the damage.

WARNING: IMPROPER INSTALLATION CAN LEAD TO ACCESSORY FALLING RESULTING IN SEVERE PERSONAL INJURY OR DAMAGE TO EQUIPMENT! Use only hardware provided with mount. DO NOT substitute!

Installation

NOTE: Installation of the retro bracket on some frames may mirror the procedure outlined below.

To install the retro bracket:

1. Remove decorative frame from display if installed.
2. Lay decorative frame face down on a clean dry surface.
3. Remove lower spacer mounting bracket by pulling the locking lever outward and sliding the alignment bracket left until free of upper spacer mounting bracket. (See Figure 1)

Figure 1

4. Remove rubber pad from lower spacer mounting bracket if present. (See Figure 2)

IMPORTANT ! : Clean surface under rubber pad after removal.

Figure 2

5. Remove paper from adhesive back of new pad (D). (See Figure 3)
6. Affix new pad (D) to lower spacer mounting bracket 1/2" away from bottom edge of bracket. (See Figure 3)

Figure 3

7. Orient retro bracket (A) as shown in figure below. (See Figure 4)

NOTE: It may be necessary to remove a mirror retaining clip in order to allow the retro bracket to lay flat on frame. Reinstall mirror retaining clip after retro bracket installation is complete.

8. Place retro bracket (A) onto frame and align so that bottom and front surfaces of bracket are flush against frame, and mounting tab on retro bracket (A) rests against upper spacer mounting bracket. (See Figure 4)

Figure 4

9. While holding retro bracket (A) in place, mark each of 14 mounting holes. (See Figure 5)

Figure 5

10. Measure 1/4" up the shaft from cutting end of drill bit and wrap with tape to create a drill depth indicator. (See Figure 6)

Figure 6

11. Remove retro bracket (A) and drill a pilot hole at each of 14 marked mounting holes. (See Figure 7)

CAUTION: IMPROPER INSTALLATION CAN LEAD TO DAMAGE TO EQUIPMENT! DO NOT drill pilot holes deeper than 1/4".

CAUTION: Pilot holes must be drilled as straight as possible into the frame so that mounting screws seat flush against retro bracket (A) when installed.

Figure 7

12. Secure retro bracket (A) to decorative frame using 14 Phillips flat head screws (B). (See Figure 8)

WARNING: IMPROPER INSTALLATION CAN LEAD TO ACCESSORY FALLING CAUSING SEVERE PERSONAL INJURY OR DAMAGE TO EQUIPMENT! DO NOT overtighten screws! Overtightening can strip screws and/or wood.

Figure 8

13. Adjust display alignment bar on lower spacer mounting bracket by following the instructions provided with the decorative frame.
14. Orient lower spacer mounting bracket as shown in figure below. (See Figure 9)
15. Slide lower spacer mounting bracket into lip of retro bracket (A) and lip of upper spacer mounting bracket. (See Figure 9) and (See Figure 10)

NOTE: The alignment bar attached to the lower spacer mounting bracket can be repositioned in order to make installation easier. Before moving the alignment bar, mark location of bar on lower spacer mounting bracket with a pencil so that the alignment bar can be placed back in proper position after installation.

Figure 9

Figure 10

16. Complete decorative frame installation by following the installation instructions provided with the frame.
