

## **HB-61G**

### **VIDEO PROJECTOR HANGING BRACKET**

The HB-61G Hanging Bracket is designed to attach NEC video projectors to the EVCM-100 Electric Ceiling Mount, VCM-61G Ceiling Mount or VCM-2C Multiple Video Projector Stacking System.

Unpack and check contents:

- (1) Hanging Bracket Assembly
- (4) <sup>5</sup>/<sub>16</sub>-18 Flange Nuts

### **INSTALLATION INSTRUCTIONS**

1. Turn your projector upside down.
2. Remove and save the six screws on the bottom of the projector.
3. Install the hanging bracket assembly to the projector. Fasten the mounting plates to the projector housing using the six screws you removed in Step 2. Tighten securely.
4. See EVCM-100, VCM-41E or VCM-2C instruction for installing to mount.
