### IMPORTANT SAFETY INSTRUCTIONS

**WARNING:** A WARNING alerts you to the possibility of serious injury or death if you do not follow the instructions.

**CAUTION:** A CAUTION alerts you to the possibility of damage or destruction of equipment if you do not follow the corresponding instructions.

**WARNING:** Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury, damage to equipment, or voiding of factory warranty! It is the installer's responsibility to make sure all components are properly assembled and installed using the instructions provided.

**WARNING:** Failure to provide adequate structural strength for this component can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the structure to which this component is attached can support five times the combined weight of all equipment. Reinforce the structure as required before installing the component.

**WARNING:** Use this mounting system only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.

**WARNING:** Never operate this mounting system if it is damaged. Return the mounting system to a service center for examination and repair.

**WARNING:** Do not use this product outdoors.

### Assembly And Installation

**NOTE:** The following installation instructions assume that Projecta's rear projector cart (part number 11630010) has already been completely assembled. Do NOT attempt to install this monitor arm to any other cart or stand.

1. Use four #10-24 x 7/16" Phillips screws with captured washers (E) and two guard clamps (C) to secure guard bracket (B) to guard base (A). (See Figure 1)

Figure 1

2. Loosely install remaining four #10-24 x 7/16" Phillips screws with captured washers (E) through guard base (B) holes and into four slide nuts (D). (See Figure 2)

Figure 2

3. Remove end cover from rear projector arm. (See Figure 3)

Figure 3

4. Slide assembled protection guard onto projector arm by inserting slide nuts (D) into corresponding grooves on arm. (See Figure 4)
5. Tighten screws when protection guard is in desired position. (See Figure 4)
6. Reinstall end cover to projector arm. (See Figure 4)

Figure 4

## Adjustments

### Lateral Shift

1. Loosen four screws holding guard bracket (B) to guard base (A). (See Figure 5)
2. Adjust guard bracket lateral position as desired. (See Figure 5)
3. Tighten four screws holding guard bracket (B) to guard base (A) when desired position is achieved. (See Figure 5)

Figure 5
