

## **SLB-010 HANGER BRACKET FOR JVC HUGHES DILAG 10/1000**

Unpack carton and check contents:

- |     |                 |     |               |
|-----|-----------------|-----|---------------|
| (1) | SLB-010 bracket | (6) | Thumb Nuts    |
| (1) | M8 x 20mm Bolt  | (1) | M8 Flatwasher |

### **INSTALLATION INSTRUCTIONS**

1. Turn projector upside down.
2. Remove small diameter rubber disk from fixed foot to expose M8 threaded insert. Adjust front leveling feet upward to allow SLB bracket to slide under them. Adjust feet downward and snug against bracket. Insert M8 bolt and washer into threaded insert and tighten.
3. See RPA and/or Smart-Lift™ Instructions.
