

INSTALLATION INSTRUCTIONS

SLB-1010 HANGING BRACKET

for PROXIMA LS1, LX,

Prior to assembly, unpack carton and verify contents.
For security installation, use security hardware package inside the ALL-POINTS™ Security Kit. Follow the instructions below for attaching the bracket to the projector using either standard hardware or security hardware.
If you are missing any of the following components, please contact Customer Service at 1-800-582-6480

- | | |
|------------------------------|-------------------------------|
| (1) SLB-1010 Hanging Bracket | (3) M4-7 x 8mm Machine Screws |
| (6) 10-24 Thumb Nuts | (3) Flat Washers |

INSTALLATION INSTRUCTIONS

1. Carefully turn projector upside down on bench to reveal three threaded insert bosses.
2. Align three slotted holes of hanging bracket with three threaded inserts on bottom of projector and install three M4-7 x 8mm machine screws with washers. Tighten moderately. Large single tab of hanging bracket is located to the rear.
3. Review RPA instructions for final mounting.
